

We are currently planning two scenarios for summer enrollment.

Summer camps may not be able to open because large gatherings may not be advisable by June, July or even August.

Some of our studio parents may be in need of alternative plans while others may still be at-risk and concerned about being around larger groups.

Pending guidance from the governor and the CDC if small groups are permissible by July: We have created a new, full-day summer schedule. This will be a week-to-week day camp with coordinated class schedules for each group throughout the day. We anticipate being able to allow no more than **6 participants** per week for safety and registrants can sign up for full summer or on a week-by-week basis. We anticipate that we will undergo some edits to the schedule to try and accommodate children of similar levels being together at the same time.

This cannot be run alongside our regular summer schedule unfortunately, and so if summer day and sleep-away camps are able to remain open, we will switch over to our usual summer program of evening classes. We anticipate knowing by June 1st and will have a concrete plan and open enrollment at that time.

Dancers wishing to participate from home will be able to Zoom in to specific streaming classes. Tuition for streamed summer classes will be \$80 to enroll for the entire July 6-August 29 session and will meet online every week at the time planned in our summer intensive schedule (see schedule below). These classes will not be recorded.

Students attending the summer intensive in person can be dropped off and remain at the studio from 9am-5pm. Weekly tuition for full time (in-person) summer intensive will be \$400 per week or \$300 per week for dancers doing 5 or more weeks. We will have daily sanitation with our cleaning company who is now certified in Covid-19 protocol.

Please email misserin@integralballet.com if this is something that would be helpful to your family and which (if known) weeks your child(ren) would need to attend.

We are still in the process of reorganizing spring performance dates and are awaiting guidance from our venues and public health on if they need to be moved out further until August. At this time, we do feel positive that we will be able to hold these performances. If they are moved later than the current late June dates, a rehearsal will be planned prior to performances so dancers are prepared after the academic year ends on June 29th.

We are in the process of determining the level of financial assistance the studio will need to get back to full operation in September/October. This is by no means a commitment to the 20-21 term, but if you could kindly respond to our enrollment interest survey it would help us greatly in planning if we will be able to re-open: <https://www.integralballet.com/2021-enrollment-survey.html>
